TERMS AND CONDITIONS / AIRCRAFT RENTAL AGREEMENT

I, _____, understand that I must adhere to Box Aviation's policies and procedures listed below. The following company aircraft rental policies and conditions apply to each flight:

1. The renting pilot is responsible for the safe and conscientious operation of the aircraft until it is returned and secured at Box Aviation facilities. The renter/pilot will personally conduct a pre-flight inspection of the aircraft and report any discrepancies prior to the flight. Discrepancies will be documented by aircraft on the status board within the office. Renters will verify times of inspections due prior to start of aircraft.
2. I will not use the aircraft for flight instruction to any individual, unless I am an authorized Box Aviation Instructor on a specified dual training flight. Renter will pilot the aircraft from the command seat (left side) and will act as Pilot in Command and sole manipulator of the controls at all times. The renter who signs this rental agreement will be the only operator of the aircraft.
3. I will only land at FAA designated airports that are safe and suitable under the prevailing conditions with a minimum of 2,500 feet of runway.
4. Renters will not use, operate or allow Box Aviation aircraft to be used or operated (a) beyond gliding distance of any shoreline (b) in any race, speed test or contest (c) for transportation of persons or property for hire (d) to tow an object (e) for any illegal purpose (f) by any person other than Renter who signed the Rental Agreement (g) outside of the United States - unless prior approval is given by Box Aviation management.
5. I will telephone Box Aviation at 334-281-9005 or 334-320-7011 if I am unable to return the aircraft at the agreed time for any reason or encounter any maintenance problem while away from Box Aviation.
6. I agree to pay any landing fees, tie down fees, or any other charge incurred by me while the aircraft is in my possession, along with abiding by the following minimum rates:
 - A. I will pay a minimum charge of three (3) hours for each day that the aircraft is in my possession for more than five (5) hours, unless prior approval is acquired from management.
 - B. Extended flights (more than 24 hours) require a 2 hour minimum on weekdays and 3 hr minimum for weekend days.
 - C. Extended flights must be requested and approved by management with current contact information before putting the flight on the schedule.
 - D. All scheduling will be done via Flight Schedule Pro (FSP) or by calling the office personnel who will post it to FSP.
 - E. Cancellations/No-Shows/Late Returns – I accept and will abide by the current cancellation and no show policy of Box Aviation. If I am unable to fly an aircraft as scheduled, I will cancel in a timely manner via FSP or by calling the office during normal business hours at 334-281-9005. I agree to pay the following penalties if not canceled in a timely manner:
 - ** I will pay $\frac{1}{4}$ Rental Cost and $\frac{1}{2}$ Instructor rate for Schedule Rental and/or Flight time for any overnight or flights scheduled longer than 5 hours that are not canceled at least 24 hours prior to the scheduled time.
 - **I will pay $\frac{1}{4}$ Rental Cost and $\frac{1}{2}$ Instructor rate for Schedule Rental and/or Flight Training not canceled more than 6 hours prior to scheduled time.
 - **I will pay $\frac{1}{2}$ Rental Rate and full instructor rate for scheduled Rental and/or Flight Training not canceled more than 2 hours prior to scheduled time.
 - **Late returns (without management approval) will be assessed at \$25 per 15 minute period after scheduled return time.
7. I will report all accidents, major or minor to Box Aviation at once, together with the names and addresses of witnesses and involved parties. In the event of an accident I will not permit the aircraft to be moved unless expressly authorized by Box Aviation or local, state, or federal authorities and will do all that I can to protect the aircraft and its equipment from further loss.

8. I agree to pay an interest charge on any balance remaining in delinquent status (30 days or more over due) to Box Aviation. Interest charges will be computed at 18% APR or 1.5% per month or 0.0493% per day whichever is greater.
9. I will accept the Hobbs Meter reading to the next highest tenth if it is showing. If no Hobbs Meter is installed, the tachometer will be used and the flight time will be computed at 1.2 times the tach. time. Should the starting time be recorded incorrectly, I must bring this to the attention to the office or management before starting the flight.
10. I agree to pay the cost of recovering the aircraft if abandoned away from Montgomery Regional Airport (MGM) including: all transportation expenses for one pilot to the abandoned aircraft, pilot time at standard solo rate for all time recorded on the aircraft while away from home base, and all other costs directly related to this operation.
11. I will obtain weather reports and forecasts, to file FAA flight plans for all cross-country flights, and to use the aircraft only for this purpose and over the route specified.
12. Should I need to purchase fuel for the aircraft, I will have it credited to my account for the amount of my purchase or the current Box Aviation reimbursement rate, whichever is less. I understand all purchases must be documented with an original receipt at the time the aircraft is returned.
13. I agree to see that the aircraft is securely tied down in a proper area, master and ignition switches off, controls secured, and doors locked when parked away from Box Aviation. I will report any suspicious or criminal activity to the Montgomery Aviation (334-288-7334), the Airport Authority (334-281-5040), or local Authorities (911) as necessary.
14. I agree to remain current in each aircraft I fly in accordance with FAR's and to have a recheck if I have not flown a Box Aviation aircraft within the preceding 90 days. I will remain knowledgeable of aircraft, it's systems, and subsystems and comply with all POH limitations, warnings, and cautions for the aircraft. Renters who are not current or familiar with aircraft will complete a minimum of one hour checkout with a Box Aviation instructor. This currency is to include Biennial Flight Review and Medical certificate.
15. I will operate in accordance with all applicable FAA regulations. Any pilot who acts in an unsafe manner in the air or on the ground or who knowingly violates FARs, at the discretion of Box Aviation management, may have their rental privileges terminated.
16. I will pay all sales and uses taxes in accordance of state laws.
17. I will not perform or authorize any repairs or adjustments, nor make any purchases in relation to the aircraft without authorization from Box Aviation management. All repairs and fueling will be made by properly licensed facilities and personnel.
 - **Except for minor repairs of scheduled maintenance performed by qualified personnel, costing \$100.00 or less. Renter will not have repairs made to any part of the aircraft or its equipment without specific authorization from Box Aviation.
 - **In the event of required repairs when the estimated down-time exceeds 24 hours, the Renter has the option of: (1) returning by other means at his or her own expense, in which case expenses incurred in bringing the aircraft home will be borne by Box Aviation, or (2) remaining with the aircraft at his or her own expense until repairs have been completed enabling completion of flight plan and return to home base.
 - **If the aircraft is abandoned away from the home base airport for reasons within the Renter's control, the Renter will be charged pilot expenses plus flight time at dual rates to return the aircraft to home base.
 - **Box Aviation will not reimburse the Renter for any overtime charges, call-out fees, or any other after-hours charges made by a maintenance facility. Other expenses incurred by the Renter as a result of a mechanical delay such as rental cars, hotel rooms, meals, airline fare, etc. will not be reimbursed.

18. I accept liability for any damage done to the aircraft while in my possession, and will pay for damage or any applicable deductible.
19. I will not smoke in the aircraft. If found to be in violation of Box Aviation's non-smoking policy, I forfeit all privileges as a Box Aviation customer and agree to pay cleaning charge.
20. I will provide all necessary personal identification and information as requested by Box Aviation in a timely manner (10 business days) including, but not limited to, driver's license, Pilot's license, passport, medical certificate, log book verification, and applicable visas.
21. I understand that I may be subject to a background check and associated fees as required by the FAA
22. I will maintain aircraft security and cleanliness by following the checklist (ie: electrical switches, fuel selector valve, control-lock, proper tie-down, locking all doors and installing pitot tube cover) and removing all trash from the aircraft after each flight and agree to pay a cleaning fee for especially dirty aircraft (vomit, and food/soda spills) if deemed by management.
23. Renter will not, under any circumstances, hand prop the aircraft.
24. Renters will not practice or intentionally spin a Box Aviation aircraft except as part of an authorized training syllabus and with written permission from management.
25. Only 100LL aviation fuel will be used in Box Aviation aircraft. Auto gasoline is NOT permitted. When outside air temperatures are above 75 degrees Fahrenheit – tanks should not be filled past the bottom of the tank neck (to prevent fuel overflow siphoning).
26. For a Renter to fly a Box Aviation aircraft IFR they must have an IFR checkout by a Box Aviation instructor. Night VFR cross-country is limited to currently qualified instrument rated pilots, or those pilots who have completed a night checkout by a Box Aviation instructor.
27. The cost of a check returned by our bank for any reason is \$25.00
28. Pilots are encouraged to further protect themselves by purchasing a Non-Owner Rental Insurance policy.
29. Box Aviation Management reserves the rights to alter, modify, amend, remove, waive, or add any rule by notifying all pilots. Any pilot who flies Box Aviation aircraft after receipt of notification has, by implication, acknowledged and accepted the rule.
